**2012 Schedule ND-1QEC instructions****General instructions**

An individual is allowed an income tax credit for making one or more charitable contributions totaling at least \$5,000 to a qualified endowment fund.

If the entire credit cannot be used on the 2012 return, the unused portion may be carried over and used on subsequent tax years' returns for up to three years.

**Adjustment to taxable income**— North Dakota taxable income must be increased by the amount of the charitable contribution upon which the credit is computed to the extent that the contribution results in a reduction to federal taxable income. See the instructions to the 2012 Form ND-1, line 4a.

**Qualified endowment fund.** A qualified endowment fund means a permanent, irrevocable fund that meets all of the following:

1. It is held by a qualified nonprofit organization (*as defined below*).
2. It is comprised of cash, securities, mutual funds, or other investment assets.
3. It is established for a specific religious, educational, or other charitable purpose.
4. It may expend only the income generated by, or the increase in value of, the assets contributed to it.

**Qualified nonprofit organization.** A qualified nonprofit organization means an organization that meets all of the following:

1. It is incorporated or established in North Dakota and has a physical presence in North Dakota.
2. It is tax-exempt under I.R.C. § 501(c).
3. It is a charitable donee organization as defined under I.R.C. § 170.

**No double benefit.** A charitable contribution that is the basis for this credit may not be used as the basis for any other tax credit allowed for income tax purposes.

**Specific line instructions****Line 1**

In columns (a) and (b), enter the name and address of each qualified endowment fund to which you made one or more charitable contributions totaling at least \$5,000 during the 2012 tax year. See below for examples of the application of the \$5,000 minimum contribution requirement. In column (c), enter the total amount contributed to each qualified endowment fund entered in column (a).

**Example 1**—A taxpayer makes one or more charitable contributions totaling \$4,000 to Qualified Endowment Fund A. Because the total amount contributed is less than \$5,000, none of the contributions qualify for the credit. Do not enter any information for Qualified Endowment Fund A on Schedule ND-1QEC.

**Example 2**—A taxpayer makes one or more charitable contributions totaling \$4,000 to Qualified Endowment Fund A and one or more charitable contributions totaling \$1,000 to Qualified Endowment Fund B. None of the contributions qualify for the credit because the total amount contributed to either fund is not at least \$5,000. Do not enter any information for either of the funds on Schedule ND-1QEC.

**Example 3**—A taxpayer makes one or more charitable contributions totaling \$5,000 to Qualified Endowment Fund A and one or more charitable contributions totaling \$1,000 to Qualified Endowment Fund B. Only the \$5,000 contributed to Qualified Endowment Fund A qualifies for the credit. The \$1,000 contributed to Qualified Endowment Fund B does not qualify for the credit because it is less than \$5,000. Only enter the information for Qualified Endowment Fund A on Schedule ND-1QEC.

**Example 4**—A taxpayer makes a charitable contribution of \$500 at the beginning of each month to Qualified Endowment Fund A for a total contribution of \$6,000 for the tax year. Because the total amount contributed to Qualified Endowment Fund A is at least \$5,000, the tax credit is allowed on the entire \$6,000. Enter the information for Qualified Endowment Fund A on Schedule ND-1QEC.

**Line 6**

Enter the allowable portion of an unused qualified endowment fund credit, if any, based on contributions made in the 2011 tax year.

**Line 8**

Enter on this line only that portion of the total allowable credit on line 7 that is used to reduce the tax on the 2012 return. For example, if the allowable credit on line 7 is \$1,000, but only \$400 is needed to reduce the tax to zero, enter \$400 on line 8.

**Line 9**

Enter the portion of the total allowable credit on line 7 that is being carried over to the 2013 tax year.

**Line 13**

If the amount on line 2 includes a charitable contribution made to a qualified endowment fund by means of a trustee-to-donee transfer of monies from an individual retirement account (IRA) under Internal Revenue Code section 408(d), enter that amount on this line. A charitable contribution made in this manner reduces federal taxable income because the transferred monies, which would be subject to federal income tax had they not been contributed to charity, are excluded from federal taxable income. To the extent these monies are the basis for the qualified endowment fund tax credit, they must be added back into North Dakota taxable income.
